Dear Ryan Sy,

Congratulations. Please accept this note as confirmation that you have been accepted into Rutgers Coding Bootcamp. You will be joining a highly selective cohort of colleagues in this intensive program over the next six months of class.

We look forward to seeing you on February 2<sup>nd</sup> at 6:30 PM **at our Jersey City Location(Exact Location details coming soon).** Our class will meet Tuesday and Thursday evenings from 6:30-9:30 PM and Saturday's from 10:00 a.m. to 2:30 PM from February 2<sup>nd</sup> through July 23<sup>rd</sup>. We will follow up with a detailed class schedule as part of your orientation package which will arrive in early December. The orientation packet will cover specifics that you will need to get including hardware, software and tools. At a minimum, you are expected to have a laptop computer (either Windows or Mac is fine). Those with Chromebooks or tablets (including iPads) only will want to seriously consider getting a laptop before class begins.

Please note that the Rutgers Coding Bootcamp learning experience extends far beyond the classroom. By accepting admission into the program, you are agreeing to participate as an active learner in a highly interactive program that includes classroom lectures, skills labs, and intensive project work. While the class time is there to teach and guide you, the time you spend coding outside of the class is just as important.

If you have any questions about program content or logistics, please contact Jed Woodarek or Dan Sommer at 732-430-2144.

Sincerely,

Jim Morris  
Associate Vice President  
Rutgers University

Dan Sommer  
Program Liaison  
Rutgers Coding Bootcamp
